

Travel & Learn Program

A Seminar At Sea

Cruise to Alaska Aboard Norwegian Pearl
Sunday, July 1 - Sunday, July 8, 2007

MY MOUTH IS SORE!

DO I NEED TO SEE A PHYSICIAN OR CAN YOU HELP ME?

Mahvash Navazesh, DMD

Dr. Navazesh is an Associate Professor, Chair of the Division of Diagnostic Sciences and Associate Dean for Academic Affairs at the USC School of Dentistry. Dr. Navazesh received her DMD degree from the University of Pennsylvania, as well as her certificates in General Practice, Oral Medicine Residency and Clinical Research Investigation. Over the past 20 years she has focused her research interest on salivary gland hypofunction. She has published papers on criteria for definition, diagnosis and assessment of xerostomia and has compared methods for collection and stimulation of whole mouth saliva.

Synopsis

“Sore Mouth” is one of the most common complaints among patients in the every day practice of dentistry. Oral health care providers are often asked by patients and their physicians to help those affected by this condition. A variety of local and systemic conditions contribute to the onset and severity of a complaint of “sore mouth.” This course will focus on the etiology, manifestations, diagnostic work up, and management of the most common non-odontogenic oral and systemic conditions that are associated with a “sore mouth” condition. Emphasis will be placed on infectious, autoimmune, neoplastic, chemosensory and salivary gland disorders as well as manifestations of adverse drug reactions. Participants will be actively engaged in problem solving of case based histories that will be accompanied with clinical and/or laboratory diagnostic tests.

Upon Completion Participants Should Be Able To:

- List differential diagnoses for a sore mouth complaint.
- Identify common soft tissue disorders.
- Identify common signs and symptoms of chemosensory disorders (burning mouth, burning tongue, abnormal taste).
- Interpret the results of diagnostic tests.
- Select an appropriate management protocol.
- Recommend an appropriate pharmacotherapeutic approach.
- Promote healthy habits to prevent sore mouth complaints.

NORWEGIAN PEARL, CRUISE AT SEA, ALASKA

Join us as we set sail aboard the brand new, NORWEGIAN PEARL, for 7 breathtaking days in ALASKA. Enjoy nature's pristine grandeur just as it was hundreds of years ago. It's an experience unlike any other and one you will not soon forget.

The PEARL was specifically built with FREESTYLE CRUISING in mind and offers its guests the same amenities as a five-star resort, with outstanding restaurants, excellent service and an elegant atmosphere. Dine when you want and choose from 12 different restaurants.

There is so much to see and do on an Alaskan experience. Go whale watching, take the White Pass Railroad to the Yukon, pan for gold, take a helicopter ride and walk on a glacier, try sea kayaking, salmon fishing or even dogsledding!

Enjoy an outstanding CE program in a relaxing atmosphere and in the company of friends and colleagues.

The ship sails from Seattle, Washington on Sunday, July 1, 2007, and returns to Seattle on Sunday, July 8, 2007. Please make your own travel reservations to Seattle. Together with our travel agent we will be happy to assist you with any transfers, or hotel packages that you may require. We invite you to get onboard and enjoy an experience of a lifetime!
